Reminder: Pink Specimen Transport Bags for Outpatient Practices

Individually bagged Surgical Pathology specimens must be placed into a **PINK** shipping bag and the samples need to be documented on the 2 ply Surgical Pathology Log Sheet. Place one copy of the log sheet in the bag and attach the second copy to the outside of the bag for the courier to sign and date when picking up the specimens.

Cytology (PAP) must be placed in a separate **PINK** bag. A log sheet is not required for cytology specimens.
