Urine Ethyl Glucuronide: Change in Performing Laboratory

Date: November 9, 2020

Effective Date: November 23, 2020

Urine Ethyl Glucuronide (EtG) screening test will be returning to UR Medicine Labs as opposed to being sent to our reference laboratory. The test cutoff of 500 ng/mL of ethyl glucuronide will remain the same. The expected turnaround time will be 24-48 hours.

For additional information, visit the UR Medicine Labs Test Menu: <https://www.testmenu.com/rochester>
