

## Vitamin D Testing: Change to Assay

Date: September 26, 2019

---

Effective Date: October 2, 2019

The standard screening Vitamin D test (UR test code VIT25) will be updated to immunoassay on an automated platform. Ordering, test code (VIT25) and reference ranges will NOT change.

For those patients currently on 25-(OH) Vitamin D2 supplement, the recommended test is 25-(OH) Vitamin D2 and D3 by LCMS (New UR test code VD25L).
