

Chlamydia, Gonorrhoeae, and Trichomonas Test Delays

Date: May 4, 2018

Effective Date: Immediately

Due to technical difficulties, results for *Chlamydia trachomatis*, *Neisseria gonorrhoeae*, and *Trichomonas vaginalis* tests on urogenital and urine specimens will be delayed.

This will affect specimens received in the laboratory beginning on Wednesday, May 2nd.
Specimens received between then and Tuesday May 7th may experience delays of 3-6 days.

We anticipate that turnaround times will return to normal on Thursday, May 10th.

For questions or additional information, contact Kim Handley, laboratory supervisor, at 275-7801 or Dr. Pecora.
